Okay - we will get it done ASAP. Thanks.

Do we need a call after your 3 pm call with Steve Morrow?

Heather - Below are the new NDMA private well detections listed by map/lot numbers. Can you have one of your folks locate these, along with on a 'google earth' type figure... with an overlay of the existing 'extent of gw contamination' contour from the RI work plan (if possible)?

I would like to have the figure as soon as possible.

Thanks -

Subject: Wilmington-Unvalidated NDMA Data for December Sampling

Jim,

The following are some additional NDMA results from the December sampling event in parts per trillion (ppt) that have not been validated. All are below the MADEP Guideline of 10 ppt. Once the data has been validated, we will provide the data validation documents.

I will be traveling to the Wilmington site on Monday and not available for the 10:00 a.m. conference call. We could do something at say 2:00 p.m., if you want to call my cell phone at 423-596-1100? Let me know.

Steve
